

Key West PERMAFROST BLUES BAND

The Key West Permafrost Blues Band is an eight piece music group that performs selections from

“Volume B” of the Encyclopedia of Funk!
(that’s music ranging from Blues to Buffett).

Be prepared to groove on a musical journey from Sweet Home Chicago to Margaritaville with stops between in Cincinnati, Memphis, New Orleans and the Caribbean.

The KWPBB’s *Brews Brothers* rhythm & vocals section combines with *The Mighty Wind Breakers* horn section to play “big band blues”—from Chicago Blues to Key West Caribbean. The KWPBB’s repertoire features up-tempo, feel-good “Blues-to-Buffett” music that represents the best in classic R&B, blues, and Jimmy Buffett favorites. Our music are original arrangements created just for the KWPBB. Our sounds will make a crowd-pleasing addition to your community and municipal music programs as well as private events.
